What is Ignite?

Ignite is a two year, regionally accredited AA degree program in general studies, where academics are integrated with personal discipleship, spiritual formation, local church ministry and global mission. High school graduates, in hands-on practical ways, discover their Life-Mission through knowing God's Word, familiarity with the Lord's voice and walking in His Spirit. For more information go to www.getignited.org

Partnering With Ignite

The decision to move Ignite across the country from California to Virginia was made easier knowing two things: First, God impressed upon the heart of Ignite and Foursquare leadership that it was the right thing to do. Second, the task and responsibility of raising the next generation of church leaders belongs to all of us and making training and education available on the East Coast was a desire and greatly anticipated by so many of our Foursquare pastors and church leaders. Please prayerfully consider [partnering with us](#) as we

Ignite Meets CrossPointe

Dale Jenkins, senior pastor at New Hope Worship Center in Concord, N.C., described his first year at Life Bible College College as exciting. "Everyone was excited. There was no distinction between the classes because everyone was excited! There was something amazing about the newness of being there!" Pastor Dale was one of the first students on the campus in 1988 following the move of the Bible college from Mount Vernon, Ohio to Christiansburg, Va. Pastor Dale continued, "Being on the campus [of the Ignite Academy at CrossPointe] on move-in weekend a few weeks ago reminded me of the excitement I felt years ago when I first arrived on that campus."

Situated in Christiansburg, Va., CrossPointe Conference Center has literally become a centerpoint surrounded by trees, hills, and countryside. Christiansburg is almost perfectly centered between the tip of Maine to the tip of Florida; The CrossPointe campus has become the hub for leadership development, pastoral care, spiritual renewal, community service, local church and once again training and education for the next generation of church leadership. CrossPointe is the perfect location for the Ignite Academy, an extension campus of Life Pacific College in San Dimas, Calif., not only because its beautiful and well equipped facilities, or close proximity to East Coast ministry opportunities, or rich heritage of the Foursquare family so heavily invested, but also because right now, today, at a time such as this, as in a time on this campus not long ago, students have said "yes" to the call and "yes" to the challenge of being taught and trained, and they have arrived from all across the country. Welcome to the Ignite Academy at CrossPointe.

Why Ignite?

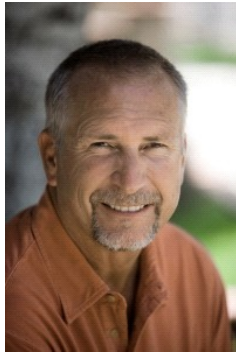

The Ignite Academy

Where is Ignite?

In August of 2011, the

move forward in our commitment to keep academic tuition affordable and training experiences available. Library books, gasoline cards for outreach vehicles, tuition assistance, vans and/or buses for weekly outreach and mission and global mission team sponsorships are all tangible ways to assist students who have committed their lives to future ministry. We invite you to be a part of this incredible opportunity God has given us...all of us!

Message from Dr. Mike Larkin

We have combined the elements of local church ministry, community outreach, discipleship immersion, global missions teams, and accredited college classes into one very exciting program. We welcome you to come be a part of what God is doing in this generation of future leaders.

launched its "outside of the box" school of ministry in 2008 on the campus of Life Pacific College in San Dimas, Calif. The vision called for excellence in college education with mandatory, hands-on program elements to develop a Kingdom of God culture where daily devotions, weekly community outreach, local church involvement and global mission trip experiences occurred in a collegiate covenantal community. Because too many of our young people are "going away" to secular colleges and universities and having a difficult time walking out their faith on "hostile toward Christianity" campuses. Ignite Academy gives opportunity to go away to college, and receive a biblically grounded college education, while developing the tools necessary for a deeply rooted life in Jesus Christ.

Ignite Academy moved to the CrossPointe campus in Christiansburg, Va. Read more about the move in the [Foursquare.org article](#) *Accredited Ignite Academy Opens at CrossPointe*. Students are concurrently enrolled on this extension campus of Life Pacific College for academic excellence AND the Ignite Academy for spiritual and ministry formation. The Ignite experience takes students off of the campus into the local community, surrounding cities and towns for local church involvement, neighboring states for ministry development and outreach, and nations throughout the world for global mission (global missions experience during spring semester only).
